

Somewhere in France
Oct. 9, 1944

Dear Mother,

Everything is fine but the weather. We are having a good deal of rain lately, although the sun keeps trying to make an appearance. Bob and I are well protected now though. We built sides of wood for our pup tent and have dug in about a foot or more so that we have more room and it is warmer sleeping.

Tonight I'm going to services in a near by town. Trucks are taking us there + back.

I haven't time to write anymore at the moment so I'll write again later.

Regards to all. Love, Lesol

P.S. Did Bud Les get back? How was their trip?
