Dear Mother,

The weather has taken a turn for the better, let's hope it stays this way for a while. The mail has been good lately too. I've heard from the kids in Chi and from Gerry + Shirley + you, as well as Bea Goldboss and a few friends. I'm trying to keep my end of the correspondence up, but it is a difficult job since I don't have enough time. We ran out of candles so we can't make use of the hours after dark for writing. Did I ask you for candles? If not send some in your next package. A few of those white candles included every so often in a package would be a good idea.

Bob and I have a pound box of assorted cookies that we took from the boat. We decided it was about time to finish them off, and even though

2

they are quite a treat.

So long for a while. I  
write again when I can.

Love  
Hersh
