Dear Sarah and Ben I know you and the others have been anxious to hear from me, and I as well have been waiting eagerly for this chance to let you all know that I'm in good health. I've written to mother already telling her that I'm a prisoner of war and I'll leave it to you to inform the rest of the family. Tell them all they can write to me at the return address on the other side of this letter. Give everyone my love and best wishes for a happier year and special greetings to all of you who are having birthdays and anniversaries at this time. In case there is any doubts in your mind let me assure

you that I haven't been wounded and that I'm enjoying good health. Please let Shirlee Latta know of my situation and tell her to write. She lives at 6834 N. ASHLAND. I will write as often as I am allowed to. All my love to you and the rest. Herb
