

Apr 22

Dear Mrs Swinger,

Thank you
for telling me the good
news so promptly -
and for writing Bob.

In the same
mail I read a letter
from Bob. He was

writing it on a park-
bench in some unnamed
French village. He said

"I just can't get Herb's out
of my mind". Perhaps it
was telepathy!

Herb may already have
been released. I heard
two good commentators say
that the task of sorting the
records is tremendous and
that we at home, must
be patient!

We share your joy with
you and hope to keep in
touch.

If Herb should get to
Paris, he can locate Bob
by that address

Sincerely,

Edith M Hall
