

AMERICAN RED CROSS

June 26, 1945

Dear Everyone,

My stay in England is over as far as my leave is concerned. Now I'm back in a tent city awaiting shipment to the states. It's the same old story. Nobody knows just when we will leave. Perhaps it will be in a few days and perhaps it won't be for a week or two.

I've had a wonderful time seeing the sights of London + staying at the seaside for a couple of days. The people here have been wonderful to me.

AMERICAN RED CROSS

and I've enjoyed every minute of my leave.

Now that I'm ready to go home once again I'm anxious to leave right away. I feel excited already about getting back and seeing everyone again.

Sorry I haven't written very often lately, but I'll do better from now on.

Take good care of yourself, mother, as always. It won't be long now & I'll be with you again. Give my best regards to Mr. Solof. Love to the whole family.
